APPLICATION FOR CERTIFICATION FOR THE
CPV SENTINEL ENERGY PROJECT
BY THE CPV SENTINEL, L.L.C

DOCKET No. 07-AFC-3

ORDER GRANTING TIME EXTENSION

On September 29, 2008, the Committee appointed to preside over the Application for Certification (AFC) of the CPV Sentinel Energy Project received the *Petition of California Energy Commission Staff Regarding Project Schedule* seeking to modify the publication date of the Final Staff Assessment (FSA) and the filing date of Applicant testimony. Also, on September 29, 2008, the Sentinel AFC Committee received Applicant's *Response to Petition of California Energy Commission Staff Regarding Project Schedule*.

Staff's petition states that the Final Determination of Compliance (FDOC) from the South Coast Air Quality Management District (SCAQMD) lacks finality due to its failure to identify all emission reductions credits (ERCs) required for the project. The petition also states that if Staff were allowed to extend the time set by the Committee from September 30, 2008 to October 7, 2008, then Staff and the Applicant would be able to resolve all remaining outstanding issues involving Land Use, Soils and Water Resources, and Air Quality (apart from the identification of ERCs for the project). Finally, Staff's petition seeks to extend the date by which the Applicant must file their testimony from October, 7, 2008 to October 14, 2008.

Applicant's response asks the Committee to grant Staff's petition.

Accordingly, the Committee **GRANTS** Applicant's request for an extension and modifies the previous Revised Scheduling Order as follows:

REVISED COMMITTEE SCHEDULE

DATE	EVENT
October 7, 2008	Final Staff Assessment filed
October 14, 2008	Applicant Testimony filed
October 21, 2008	Prehearing Conference
November 3, 2008	Evidentiary Hearing

The remainder of the schedule depends upon the date by which all the evidence is received and the record can be closed. At the parties' request, the Evidentiary Hearing will be bifurcated so that evidence on Air Quality will be held in abeyance pending Applicant's identification of ERCs.
